Rich,

Does a Friday sample cause a problem with the lab...etc?

Let me know.

John just told me that you don't want to sample on Fridays. He asked for this time because he lives in the Philly area. What do you think?

I have both days open and don't anticipate them filling up any time soon. That week was help open for people we couldn't get during the first four weeks. Please put both of your addresses on the access form. Thanks.

Hi Joanna,
Thanks for your note. My mother is doing much better, thank you

If you could go ahead and send the well survey, etc. I can get that started. Let me check schedules so that we can arrange to connect in Dimock. Is it possible to hold time on both the 8th and 9th until we confirm? Please advise.

Best,
